THE ARIZONA SENTINEL,

Yuma, Arizona.

SATURDAY AUGUST 4, 1888.

THIS PAPER may be found on file at F. C. DAKES Advertising Agency, 300 P. M. Building, San Francisco, who is the authorized agent for this paper.

YUMA LODGE NO. 7, A. O. U. W. MEETS ON Tuesday evening of each week, at 8 P. M. Visiting brothers in good standing cordially invited. CHAS. LEWIS, Sec'y. J. H. STEIN, M. W.

YUMA LODGE NO. 4, SELECT KNIGHTS, MEETS 2nd and 4th Tuesday each month at 8 P. M. Visiting brothers in good standing cordially invited. D. M. DUFFY, Sec'y. J. H. TAGGART, M. W.

Church and Sunday School will be held in the Court House as follows: Sunday School at 2:30 p. m. (Special service at 3 p. m.) To each of the above the public is cordially invited.

H. J. EHLERS, Missionary.

JUDICIAL AND PERSISTENT. Advertising has always proven successful. Before placing any Newspaper Advertising consult LORD & THOMAS, 44 N. Dearborn Street, CHICAGO.

LOCAL NOTES.

Carp and salmon are plentiful. The summer fights have begun. Robert Gant was in town on Tuesday. Mr. Wm. Burke was in town during the week.

Frank Younell was in town during the week. The new church will be built on Main street.

B. F. Hartley is back from the Agua Caliente springs. Mrs. Andrew Tyler has gone to California on a visit.

The ice cream peddler is doing a "land office" business. Commodore Alexander Berry has taken passage on the Mohave.

"Red Cross" Claret, rich, pure and delicious, at John Gandolfo's store. Mrs. Heilborn accompanied her husband up the river on the steamer.

Assessment work is the order of the day at the various mining camps. The nights are very cool and pleasant; the days not uncomfortable.

A fine line of new prints and gingham just received at Gandolfo's. Miss Juanita Martinez has gone to Paymaster on a visit to her sister.

The telephone line between Yuma and Araby is in successful operation. Democratic bandanas and Republican handkerchiefs for sale at Gandolfo's.

Yuma Lodge No. 7, A. O. U. W. meets Tuesday evening at eight o'clock. The repairs on the steamer Gila will not be completed for several weeks yet.

The hill on the south side of the hotel is to be cut down by railroad laborers. Japanese silks, Persian lawns and poplins in stock at John Gandolfo's store.

Dr. J. Ward, U. S. A., was a passenger on Wednesday's east-bound express. Mrs. Frank L. Ewing has gone to New York on a visit for a couple of months.

John Gandolfo has just received a carload of Schlitz's celebrated Milwaukee beer. O. F. Townsend has a fine large pair of road-runners in a cage at the express office.

Colonel Lovell Jerome passed through town a few days since on his way to Tucson. "Old Roman" punch has the call here just now, to the average spirit compounder's dismay.

Signor "Bones" McCarty went up on steamer Mohave to the Needles on a tour of inspection. The pay car gladdened the hearts of the railroad boys on Wednesday, by distributing "lots" of coin.

Plant trees on the Gila levee, widen the embankment, and there will be created a splendid promenade. A fine lot of fresh and fat dried beef received yesterday from Sonora, at John Gandolfo's head quarters.

The Yumas have a large acreage planted in wheat, melons, corn and squash, in the Gila bottom near town. The village school house has been repaired and plastered; sheds repaired and in fact generally improved.

Some heated arguments for and against free whiskey were the cause of several men being "knocked out" this week. General Nelson A. Miles and staff passed through Yuma on Wednesday, bound for the scene of the Indian outbreak.

Captain Polhamus returned home on Tuesday and on the following day left by steamer Mohave for El Dorado Canon. Crosse and Blackwell's pickles; boneless chicken; Spanish olives and "rich like" of good eatables on sale at John Gandolfo's mammoth store.

Ayer's Ague Cure never fails to neutralize the poisons of malaria, and eradicate them from the system. This preparation is purely vegetable, contains no harmful ingredients, and, if taken according to directions, is warranted to cure fever and Ague. Try it.

The Yuma Indians were invited to a feast last Saturday at the Fort Yuma school, for the purpose of counting them. Only four hundred were present, the majority of the tribe not presenting themselves, as they object for superstitious reasons to being counted.

A boat club is to be organized by the young men of Yuma. The club-house will be located near the government buildings and the shells and Whitehalls purchased in San Francisco. The boat-house will be built on a floating wharf, so that the rise or fall of the Colorado will not interfere with it. A large number of gentlemen will join the club, and we will soon have an exciting regatta by moonlight on the grand old Rio Colorado.

The boys in the railroad yard were made happy this week by the arrival of a new switch engine. Their delight was not of long duration however, for in trying to turn the curve at the lower end of the yard, Blaney and Joe Ver Veer were astonished to see the locomotive make a straight shoot for the hotel. The engine, after showing such bad temper and general unfitness for work, was sent back to Tucson. The old switch engine is once again in favor.

A large glass, a little eau de vie, a big spoonful of sugar, a dash of port, plenty of "ice shavings," some fresh sprigs of mint, three or four strawberries when ready, lean back in your easy chair and draw inspiration from the glass through the medium of red, white and blue straws. The above prescription is a sure cure for those who are not accustomed to our lovely summer weather.

Put down in figures the year in which you were born, to this add 4, then add your age at your next birthday, provided it comes before January 1, otherwise your last birthday, multiply result by 1,000, from this deduct 677,423; substitute for the figures corresponding letters of the alphabet, as A for 1, B for 2, C for 3 D for 4, etc. The result will give the name by which you are popularly known.

On last Friday night, Louis Esselborn, a well known saloon keeper of this town, fell from the roof of his house, breaking his collar bone and sustaining other serious injuries. Mr. Esselborn had retired for the night, and must have been walking in his sleep when he fell, a distance of about twenty feet; his condition is critical, but we hope that he will soon recover.

One of our fruit-growers here has a steel hammer and flat iron clapper combination, which is kept banging away "from early morn to dewy eve," to frighten the birds from his vines and fruit trees. As a noise maker it is a magnificent success, and a source of annoyance to all those living near by.

Captain Fred W. Smith, of Mohave valley, planted watermelons on his ranch May 27th, and on July 31st presented this office with a fine ripe watermelon weighing 37 pounds, just sixty-four days from the day the seed was planted. Captain Smith's ranch is one of the best in the valley.

Judge Ira Mabbett has returned home from a trip through San Diego county. The genial judge speaks very highly of the Coronado beach hotel, and judging from his aldermanic appearance the cuisine of that famous hostelry must be first-class.

Frank Blaney, the efficient foreman of the Yuma yard, has been elected Arizona's representative to the national convention of the Brotherhood of Locomotive Firemen, to be held at Mac n. Georgia, next month.

Dr. B. B. Brewer of San Francisco, Geo. Ritchie and W. E. Gerber, of the California State Bank of Sacramento, were in town during the week, and will visit the Mohave canal before returning to California.

Steamer Mohave left for the Needles, El Dorado Canon and way landings on Wednesday morning with a cargo of seventy tons merchandise and five cabin passengers.

The Yumas are trapping large numbers of quail and bringing them to town. The Indians receive from forty to fifty cents per dozen for the toothsome birds.

Sheriff M. J. Nugent has appointed Joseph Cottrell deputy sheriff of Yuma county.

Eugene Frank has gone to Tucson, where he intends locating permanently. Messrs. Wag, Parly and Powell have returned from the Parly canal.

Harry Neahr and family left yesterday for the Agua Caliente springs. Judge O. A. Ring had been very ill but is now convalescent.

Charles Landon is in charge of the work on the Gila City canal. L. Ovidio is the boarding house keeper at Gila City.

The A. O. U. W. Building. The new A. O. U. W. building is now completed and occupied by Yuma Lodge No. 7 and the Legion of Select Knights. The location at the corner of Third and Main streets is a good one and adds much to the value of property in that neighborhood. The building is sixty-five feet in length by thirty in width; the hall is fifty feet long by twenty-five wide, with anterooms six by eight. The ceiling of tongue and grooved lumber is seventeen feet from the floor. The upper part of the hall ends in the form of a quarter circle, with two doors on each side opening into the parlor and parlors. The windows, eight in number, give plenty of light and afford needed ventilation. The walls are hard-finished and kalamined, and the doors fronting on Main street are lighted with colored glass, the glass transoms being lettered respectively, "Yuma Lodge No. 7, A. O. U. W." and "Yuma Legion No. 6 S. K."

The roof, which is of shingle, is a mansard and the ventilating windows above the ceiling are quite artistically designed, and in fact the entire building is not only an ornament to the town, but solid evidence of the growing prosperity and progress of Yuma.

Personal. Mr. N. H. Frohlichstein, of Mobile, Ala., writes: "I take great pleasure in recommending Dr. King's New Discovery for Consumption, having used it for a severe attack of bronchitis and catarrh. It gave me instant relief and entirely cured me. I have not been afflicted since. I also beg to state that I had tried other remedies with no good results. Have also used Electric Bitters and Dr. King's New Life Pills, both of which I can recommend."

Dr. King's New Discovery for Consumption, coughs and colds, is sold on a positive guarantee. Trial bottles free at A. Frank's store.

Give us Fair Play.

The press of Southern California, for some reason, cannot publish anything of a favorable nature concerning Southern Arizona. Whenever they are compelled to print some item about our early fruits, rich land and abundant water supply, they are sure to say that the thermometer is up to 130° or 140° in Yuma, well knowing that such statements are devoid of truth. Our summer climate is warm, undoubtedly, but not uncomfortably so. A friend writing from Los Angeles, under date of August 1st, has the following pointed remarks to make:

I see that the Times of this city, is again at its old tricks. In a recent issue it insinuates prints that "the thermometer has not been above 73° degrees in the shade this summer" in Yuma, leaving the reader to infer that it reaches this figure as a general thing, and that this year's exception simply proves the rule.

As an old resident of Yuma, I am naturally incensed at the constant nagging and libeling that the old town constantly receives from the prejudiced press of Los Angeles, who, with profound discourtesy, unfairness and dishonesty, attribute such qualities to your section with the hope of covering, by directing attention elsewhere, the many defects and deficiencies of their local climatic conditions. Nor is my indignation lessened with the fact that here, in winter, heavy rains, unlimited mud and severe frosts prevail, while in summer the constant and almost unendurable fogs from the Pacific make life, to say the least, very unpleasant. As a substantial proof of this assertion the crowding of your hotels by consumptives from Los Angeles, Pomona, Ontario, etc., during the months commencing with September and ending with May, admits of no denial. The summer heat, according to my personal experience here, is more severely felt owing to the atmospheric dampness than is the firm, dry heat of Yuma, even though the thermometer indicates a few degrees lower temperature, the assertions of the local journals to the contrary notwithstanding.

The display of ripe Yuma grapes, apricots and figs sent last June by our friends, showing conclusively that they mature from four to eight weeks before similar fruits ripen here, has opened the eyes of the real estate dealers to the possibilities against them in the near future, and the unfairness of the press has been surpassed, if that is possible, by a few of these gentry who attempted to denounce the grand opportunities and advantages of the Gila and Salt river valleys that so completely overshadowed, in every way, even the exaggerated claims in connection with their local holdings.

Yuma and Phoenix are attracting much interest and attention, and will, in my opinion, soon experience a steady and permanent prosperity in contradistinction to the feverish wave that swept this county last winter, and from which the bottom seems to have dropped entirely.

There are many old Yumaites residing here, and several have expressed their unmitigated disgust at the undeserved treatment that their former home is enduring. I am pleased to hear that the canals progress so rapidly and that property values are enhancing, sold on to what you have—there will be money in it.

The Indians are bringing in large quantities of squash, green corn and melons.

Helping the Right Side. To help the right side is not only commendable in a general point of view, but is judicious and prudent when that help is enlisted in behalf of the right side of the body, just over the lower ribs, in the region of the liver. The most efficient help is afforded by Hostetter's Stomach Bitters, an anti-bilious medicine of incomparable efficacy. Indigestion of the liver is accompanied by constipation, sick headache, furred tongue, nausea, occasional vertigo, an unpleasant breath, yellowness of the skin and ball of the eye. The author of these symptoms, liver complaint, routed by the Bitters, is accompanied by them in his flight. Fever and ague, which always involves the liver, dyspepsia, rheumatism, debility and kidney troubles are all maladies to the early relief and final cure of which this standard medicine is adapted. Don't use it by fits and starts, but systematically, that its full effects may result in a perfect restoration of health.

Proceedings of the Board of Supervisors. Yuma, A. T., July 20, 1888. Board of Equalization met pursuant to adjournment, at 10 o'clock a. m. Roll called; present, Supervisors O. F. Townsend, D. M. Field and clerk. Chairman C. V. Meeden absent.

Minutes of last meeting read. O. F. Townsend moved that the clause in connection with the A. O. U. W. Building Association, where it says "having shown sufficient cause" be stricken out. Not seconded. D. M. Field moved that minutes of last meeting be approved. Motion not seconded. Minutes of day read and approved. On motion Board adjourned sine die and go into session as a Board of Supervisors, O. F. Townsend taking the chair.

There being no business Board adjourned to July 27, 1888, at 10 o'clock a. m.

Yuma, A. T., July 27, 1888. Board met pursuant to adjournment at 10 o'clock a. m. Roll called; present, Chairman C. V. Meeden, Supervisors O. F. Townsend, D. M. Field and clerk. Minutes of last meeting read and approved.

O. F. Townsend moved that the assessor's office be separated from that of the sheriff's. Motion seconded by chairman and carried. Further moved, seconded and carried unanimously that the sheriff shall be ex-officio tax collector, and all other county officers to remain as now fixed. On motion seconded and carried it is ordered that the salaries of county officers be fixed as follows, to-wit: Probate Judge, per year \$400 00 Sheriff " " " 300 00 Dist. Attorney " " " 500 00 Assessor " " " 500 00

On motion it is ordered that all other county officers receive fees only according to law.

On motion Board adjourned to August 27th, 1888, at 10 o'clock a. m. (Attest) C. V. MEEDEN, Chairman.

J. L. REDONDO, Clerk.

Limes are ripening. Be sure and attend church to-morrow.

Our orange trees are loaded down with fine fruit.

A number of weddings will be celebrated this month.

The village school house looks fine in its dress of new paint.

The SENTINEL will next week "a romantic tale unfold."

Work has been commenced on the new sewer of the Territorial Prison.

Mrs. F. Fredley and her two children have gone to Los Angeles to see Miss Ida Fredley, who is attending school at that place.

Hiram W. Blaisdell arrived here yesterday from San Diego. Mr. Blaisdell says that Yuma county is attracting a great deal of attention in California.

A lady fair from the East is now on the way to Yuma, where she is expected to arrive in a few days, to wed one of our best and most popular citizens. Will publish marriage notice next week.

On Monday afternoon F. Burke and F. Amabisa had an altercation in which the latter was pretty roughly handled. F. Burke was arrested and bound over in the sum of \$1,000, for his appearance on next Wednesday before Justice G. A. Ringwald.

John Gandolfo got back yesterday from his journey to the bay-anclimated town and he speaks very flatteringly of San Diego. He says that our lovely climate and rich lands are exciting a great deal of comment and that a large number of visitors from California will be here within the next few weeks.

Wonderful Cures. W. D. Hoyt & Co., Wholesale and retail Druggists, of Rome, Ga., say: "We have been selling Dr. King's New Discovery, Electric Bitters and Bucklen's Arnica Salve for four years. Have never handled remedial that sell as well, or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced consumption have been entirely cured by use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bitters. We guarantee them always. Sold by A. Frank."

Flags, fire crackers and a large assortment of fire work on hand at Gandolfo's store.

Notice. A meeting of the stockholders of the Harris Gold and Silver Mining and Mill Company, of Arizona, for the election of officers and the transaction of any other business that may come before the meeting, will be held at the company's office, Harrisburg, Yuma county, Arizona, on the Fourteenth (14th) day of August, 1888. (Signed) H. E. HARRIS, Secretary.

Delinquent Notice. Notice is hereby given that the following certificates of stock in the Antelope Canal Company, having become delinquent on assessment No. 1, levied by the Board of Directors of said company Jan. 7, 1888, it is ordered by said Board of Directors that said stock will be sold at public auction on Aug. 18th, 1888, at 11 o'clock a. m., in Yuma, County of Yuma, Arizona, or enough of said stock to pay the amount delinquent and costs of publication, to-wit:

No. of Certificate.	Name of Holder.	Am't.
9	T. D. Kellogg	\$100 00
19-20	F. H. Field	75 00

E. MAYES, President. J. L. REDONDO, Secretary. Tacoma, Aug. 1, 1888.
